

REMARKS

This Amendment is submitted supplementary to the previous Amendment of January 31, 2005.

With the present Amendment some corrections were made. Also, claim 60 has been amended to remove the last portion of the claim, and claim 67 has been added which defines this last portion in the separate claim.

Claim 67 is also readable on the elected invention.

Consideration and allowance of the present application is most respectfully requested.

Should the Examiner require or consider it advisable that the specification, claims and/or drawings be further amended or corrected in formal respects in order to place this case in condition for final allowance, then it is respectfully requested that such amendments or corrections be carried out by Examiner's Amendment, and the case be passed to issue. Alternatively, should the Examiner feel that a personal discussion might be

helpful in advancing this case to allowance, he is invited to telephone the
undersigned (at 631-549-4700).

Respectfully submitted,
